EDUCATION

Sardar Patel Institute of Technology (SPIT)
B.Tech, Computer Engineering | Expected 2028 | Minor: Financial & Strategic Management | CGPA: 8.37

BUSINESS & ANALYTICAL SKILLS

- Core Competencies: Data Analysis, NLP & Machine Learning, Strategic Planning, Financial Modeling, Cross-functional Leadership
- Technical Tools: Python (FastAPI, Scikit-Learn, Pandas), SQL, PostgreSQL, React, Google BigQuery, Looker Studio, Microsoft Excel

PROJECTS

- **Market Expansion & Profitability Dashboard |** Google BigQuery, SQL, Looker Studio
- Queried and analyzed a global retail dataset of 50,000+ transaction records using BigQuery to identify regional supply chain inefficiencies.
- Designed an interactive financial dashboard in Looker Studio, providing business leaders with real-time visibility into profit margins across 4 global regions.
- Modeled a 3-year strategic expansion forecast based on historical sales data, identifying a target market projected to increase overall revenue by 12%.
- **GrievanceIQ: Autonomous Banking Grievance Redressal Platform |** Python, FastAPI, React, ML, PostgreSQL
- Engineered a 5-tier autonomous grievance platform processing 15,000+ banking disputes, compressing statutory SLA turnaround by 85% (96 hrs to 14.2 hrs) using TF-IDF + Naive Bayes ML triage (83.49% accuracy).
- Deployed DPDP Act 2023 PII redaction (100% zero-leakage), EasyOCR receipt cross-validation (< 250ms), and Erlang-C queue simulation for predictive staffing optimization.

EXPERIENCE

- **Tata iQ Data Analytics | Virtual Internship |** Jul. 2026
- Analyzed market data from 10,000+ client accounts to identify customer groups highly likely to default on payments, increasing early risk detection by 20%.
- Designed a strategy for an automated credit-collections system, mapping out a process to save 30 hours of manual work per week.
- **Deloitte | Data Analytics Job Simulation |** 2026
- Solved real-world business challenges by applying data analysis and forensic technology frameworks across 3 independent corporate case studies.

LEADERSHIP & OPERATIONS

- **Fine Arts Head:** Directed a 15-member team to design and deliver campus-wide creative activities, resulting in a 25% increase in student engagement.
- **Security & Hospitality Head (OCULUS):** Managed guest relations and secure logistics for a major collegiate festival in March 2026, ensuring safety for 1,000+ attendees.

CERTIFICATIONS

- **Google Data Analytics Professional Certificate (Coursera):** Trained in data cleaning, exploratory analysis, and presentation building using BigQuery, SQL, and spreadsheets (Sep 2026).
- **McKinsey & Company Forward Learner Program:** Completed structured training in business problem-solving and adaptive leadership.
- **Microsoft Architecting Agentic AI Business Solutions:** Designed enterprise-scale AI workflows.
